23<sup>rd</sup> March 2020

Dear Volunteer,

Thank you so much for agreeing to volunteer for Community Action Isle of Wight to help people in our community.

Faced with the threat of coronavirus, we need to work together with compassion and care to help the most vulnerable people in our community. The situation facing the Island and the world is unprecedented and we need to be as ready as we can be.

This storm that's approaching, we do not know exactly how hard it will hit or how long it will last. Our response is to plan for the worst and work for the best.

A huge thank you for the work that you will be called upon to do as we get through coronavirus together.

Thank you

Mike Bulpitt

CEO Community Action Isle of Wight
